

Vintage Model Yacht Group

Sunday 31st August found this club and the scale sail section in particular playing host to the Vintage Model Yacht Group, of which the Commodore and myself are members.

The weather greeting them was rather dull, water calm with a moderate west north-westerly breeze just ideal. six of their members arrived with a variety of vane and free sailed boats. Antony Warren their events secretary supported by committee member Martin Brady, Trevor Smith, Bruce Role, Cirahame Davis and Max Buttimer. All the visitors expressed their thanks for our efforts to make them welcome (especially the galley). I have been in touch with Antony And Bruce and they thoroughly enjoyed the day, it was also very pleasing to see Margaret Thompson putting in an appearance.

At one stage we had no less than nine club scale sail boats on the water, well done lads, we were also treated to elements of the Bournemouth flying display.

Scale Secretary, *John Trimmer*, 03/09/08.
